

Acer Rubrum Red Maple

Height: 30-50 ft Spread: 15-30 ft

Form: Pyramidal

Outstanding large fall color tree. Bright orange to deep reddish-purple foliage color is reliable This maple produces a tall, rounded form bearing light green foliage in spring and summer. A super choice for high profile shade tree in front or backyard.

Amelanchier lamarckii

Serviceberry

Height: 15-25 ft Spread: 20 ft

Extraordinary eastern American native tree is superior for landscaping. Blooms in spring before leaves with white racemes that cover the whole tree like snow. These are followed by small black fruits that ripen in summer and are relished by birds. Grey green foliage turns a brilliant yellow to scarlet, its most desirable feature.

Cornus florida var. rubra

Pink Flowering Dogwood

Height: 30 ft Spread: 30 ft
Flowers that range from pink to reddish.

Magnolia x 'Jane Jane Magnolia

Height: 10-12 ft Spread: 8-10 ft

One of the group of magnolias known as 'The Little Girl Hybrids', valued for their ability to flower later than the star magnolia and thus avoid frost damage. A narrow, upright shrub or small tree that roots easily from softwood cuttings. Exquisite, 3 to 4 inch blooms are reddish purple outside and white inside and make their entrance in early spring before the foliage buds out. Has a charming, open branched habit on a narrow form.
